

The Box Lunch Bureau

Booking Box Lunches just got a whole lot easier!
Let The Reference Library do the work for you!!

The **Box Lunch Bureau** is a benefit of being a member at The Reference Library. The mission is to make the connection between the presenter and the Architectural, Interior Designer, Engineering and General Contracting firms who are looking for Box Lunch presentations in their offices.

- How it works:
1. Complete the form below and send it back to TRL
 2. TRL will compile all box lunch presentations and send them to over 500 firms
 3. The design/construct firms will select their choices for presentations and send back to TRL
 4. TRL will then contact the selected presenters—where you would set up a good time/date

This is a **free** service to both the firm and the presenter. Please call Louise or Jill, if you have any questions. Please list below the products you wish to present and if you are a Learning Unit provider for that presentation.
